

Out OF THE BOX

TEACHING OPEN HOUSE

BRING ERIE COUNTY PA history to you!

Out of the Box is an exciting series of traveling resource trunks created for teachers, youth group leaders, libraries, and others looking for unique and educational ways to share the rich heritage of Erie County, PA with others.

Each trunk focuses on a specific local history topic and contains reproductions of historical artifacts, primary source documents or photographs. This is a great way for children and adults to learn historical thinking skills, practice asking questions about the past, study history from multiple-perspectives, and share their knowledge through creative activities. The trunks have suggested grade levels but may be used with any age group.
