

Erie County Veteran & War Memorials Inventory

County Councilman Jay Breneman, in partnership with Erie Yesterday, has launched a project to create an inventory of veteran and war memorials throughout Erie County. The purpose of the inventory is to identify and record all memorials which recognize our military men and women's contributions to our region and our national story.

You are encouraged to submit stories, histories, photographs, and research about the markers, statues, plaques, signs, parks, and dedications to the military men and women from Erie County and related historical events that took place in our region.
